

Six Month Work Plan

July - December, 2019

County Administrator's Memo

To: Members of the Board of Supervisors

From: Percy C. Ashcraft

Date: 7/09/19

Re: Six Month Work Plan

Contained within is the six-month work plan established for the period of July - December, 2019. This work plan incorporates goals established by the County Administration and reaction to policy decisions made by the Board of Supervisors. It is not to be confused with day-to-day tasks that are assigned to each department.

There are 302 goals submitted and agreed upon by County Staff and Administration.

As applied in the previous six months, an evaluation system will be implemented for each item contained in the six-month work plan. The department grades for the period of January - June, 2019 are as follows:

4.0 – Human Resources

Community Development & Code Compliance

3.9 – Fire & EMS

Police

Social Services

3.7 – Parks & Recreation

3.6 – Economic Development, Tourism & Planning

Community Corrections

3.5 – Finance

3.3 – Real Estate Assessor Special Projects

3.0 – General Services Information Services Engineering & Utilities

3.6 – Team Average

The grading system for evaluating the items is as follows:

4 Points – Full completion of item.

2 Points – Substantial completion of item.

1 Points – Partial completion of item.

0 Points - Item not started.

This efficiency rating system is used to track the effectiveness of performance of the department over each six-month period. Those in charge of implementation of this plan will be held accountable.

I also raise your awareness this document will be shared with the public, thus allowing for comment and feedback. I continue to encourage department heads to share this with their employees so they can be challenged to improve the scores every six-month period.

Please share with me any concerns or questions you might have upon review of this plan.
